Session Notes

<u>Name of session</u>	Accompanying Financial Service Providers on an Environmental Performance Journey
<u>Date</u>	28 September 2022
<u>Time</u>	9:00 am – 5:00 pm
<u>Trainer</u>	Marion ALLET , Head of Environment, CERISE

This one-day, in-person training session addressed environmental performance management (EPM) for investors, TA providers and networks willing to engage and support their partners in EPM. The training explained the main concepts, standards, and tools for EPM assessment, helped identify key arguments to persuade financial service providers (“providers”) of the relevance of EPM, and explored how to support providers in developing an environmental strategy. Participants had the opportunity to work on a practical case, share their respective experiences, and learn from concrete case studies.
